Product Description

Budget-friendly Full HD 1080P Projector with AV Input and 16:9 Contrast Ratio

Product Description:

T269 Projector is a home theater projector which features a HD mini LED projector with full HD 1080P resolution. It supports a maximum resolution of 1280X720P, and has a 16:9 aspect ratio. It provides a wide range of input interfaces including HDMI, USB, VGA and AV.

The projection distance is from 1.2m to 3.6m, making it suitable for different occasions and spaces.

By making use of the latest LED technology, T269 Projector delivers stunning visual experience with vibrant colors and sharp images. It is also equipped with an integrated speaker that produces crisp and clear audio. With its advanced cooling system, you can enjoy your movies, TV shows and games with no worry about the projector's noise level.

T269 Projector is a perfect choice for your home cinema and entertainment. It provides an immersive viewing experience with vivid colors and high definition images. With its easy setup and wide range of input interfaces, you can enjoy a truly amazing cinema experience in the comfort of your own home.
